

A Report On

An Awareness Program on Safe Conduct Around Stray Dogs and First-Aid Measures in Case of Dog Bites

Organized By

**Alhaz Sunai Bibi Choudhury College
Udali Bazar, Lanka, Hojai, Assam**

Time: 12 noon onwards

Date: 19th Nov. 2025

Program Objectives:

- To manage and reduce the stray dog population through surgical sterilization.
- To vaccinate a significant percentage of stray dogs against rabies to achieve community immunity and eliminate the disease as a public health concern.
- To raise awareness about the importance of dog vaccination, sterilization and adoption of community animals.
- To promote responsible pet ownership through awareness campaigns.

Program Highlights:

An Awareness Program on Safe Conduct Around Stray Dogs and First-Aid Measures in Case of Dog Bites was held at Alhaz Sunai Bibi Choudhury College Udali Bazar, Lanka, Hojai, Assam, at 12 noon onwards, on 19th Nov. 2025. The program was co-ordinated by the Nodal Officer Nassima Akhtara. She detailed on the safety measures ought to be taken by the students while facing the stray dogs or wandering dogs on their ways. In the program, the students were made aware about the stray dogs or wandering dogs. They had been advised how to keep themselves safe from the stray dogs if they then and there encountered with. The first and foremost rule is to stay calm and never run, as running can trigger their chase instincts. Avoid direct eye contact and back away slowly to deescalate the situation. They were also advised that if any one of them unexpectedly caught into the cruel-clutch of stray dogs, he or she should create a barrier like umbrella and place it between him/her and the dog as a shield.

They have been lessoned if an Attack is unavoidable what they should do.

- Feed them an object-if the dog attacks, try to put an object.
- Protect vital areas-if he or she knocked down, curl into a ball immediately, cover your face, head and neck with your arms and hands and stay motionless until the dog leaves.
- Fight back as a last resort- in an absolute worst case scenario, if you are being attacked, you may need to fight back, focusing on sensitive areas like eyes or abdomen.
- Call for help- shout loudly for help to attract attention from passerby.

The institution has taken the following safety measures to keep safe from stray dogs

- **Secure perimeters:** The Institution has ensured its premises and its entry gate along with its boundary walls to limit access for stray animals.
- **Effective waste management:** the institution frequently conducts cleanliness drive to ensure clean surroundings. Stray dogs are often attracted by open waste, so reducing food resources can significantly deter them from the area.
- **Establish a helpline:** The institution has set up a dedicated helpline to report aggressive dogs, bite incident or injured animals. This ensures prompt and targeted intervention by local authorities or rescue organizations.
- **Conducted awareness program:** The institution ensures to conduct frequent awareness on Stray Dogs and First-Aid measures in case of Dog-Bites.
