An interactive and insightful session on *Soft Skills & Personality Development* was successfully conducted on 22nd October, 2025, at Hall No. 01 of ASBC College. The session began with the formal taking of the chair by the President of the IIC and the IQAC Co-ordinator, who briefly explained the objective of the activity.

The session was conducted by Mr. Prasenjit Mahajan, a Sales Executive from the Dalmia Institute of Knowledge and Skill Harnessing. With great enthusiasm, he initiated the session by underlining the increasing importance of soft skills in today's competitive global job market.

Mr. Mahajan elaborated that soft skills — including communication, leadership, adaptability, teamwork, empathy, and self-presentation — are essential personal and interpersonal traits that significantly impact workplace success. He emphasized that while technical skills might get one a job, soft skills are what ensure growth and long-term

achievement. He further explained that **personality development** involves consciously improving these soft skills to enhance one's overall character and professional image.

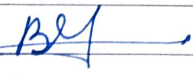

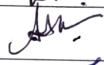

The session aimed primarily at boosting students' confidence and enhancing their communication abilities. It included an interactive segment with questionnaires and direct engagement between the students, faculty members, and the resource person, making it both practical and impactful.

The session concluded at 2:00 PM with a note of thanks and appreciation for the valuable insights shared.
